

Student Guide

DegreeWorks

Your Guide to Degree Completion

DegreeWorks is a web-based tool that provides real-time advice for degree progression and planning.

DegreeWorks is designed to aid and facilitate academic advising and the degree process, however, it is not intended to replace advising sessions.

DegreeWorks will be used to determine completion of all degree requirements for Graduation.

DegreeWorks

DegreeWorks uses the student's catalog year and associated degree requirements to produce a degree worksheet.

DegreeWorks data is refreshed nightly.

Any modifications to student data, such as a change in registration, change of major, and change of grades, will be reflected within 24 hours.

DegreeWorks

- Graduate student worksheets are available based on enrollment year. See the following table:

Degree	Catalog Year
PhD	Fall 2009 or later
Masters	Fall 2013 or later
Certificate	Fall 2013 or later

- Graduate School students with a catalog year prior to those listed above may use the “What-If” functionality to see how changing to the current catalog year might affect your plan of study.

DegreeWorks

The worksheet contains the following information

- **Student Academic Information**
 - Example: Program, GPA, Credit Hours, etc.
- **Degree Information**
 - Example: Course Information, core requirements, etc.
- **Non-course Requirements**
 - Example: Comprehensive Examination, etc.

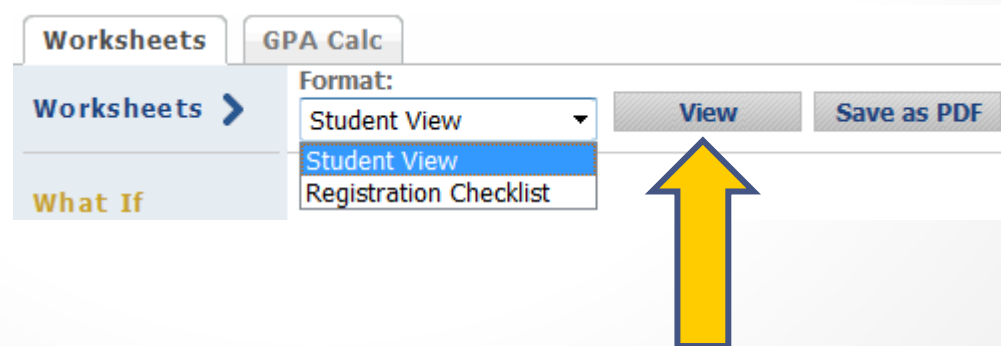

DegreeWorks

Students may use the “Student View” and / or the “Registration Checklist”.

To access either of the two views, go to the drop-down box on the Worksheet tab.

Then click on the View tab.

DegreeWorks

The “Student View” displays all of the courses that the student has taken and shows how they apply toward the student’s degree requirements.
